All About God's Good Plan:

Your child is just beginning to learn about God and His goodness. There's no better time to teach your child that knowing and following God's good plan leads to life that is filled with genuine love and joy and peace.

Why not teach it by playing the game "Which Way to Go". Here's what you do: Use tape (blue painters tape is a good choice) and outline a winding path in your family room.

Let your child walk on it! You can add obstacles like chairs or blocks. Ask your child to crawl, then hop, then walk, then run! And when they reach the end, have their favorite treat waiting for them!

Tell them God's Plan is Good and following God's Plan is Always Very Good!

Featured Worship Time Song:

Your child heard that God's Plan is Good and that following God's Plan is always good!

Learning what God's plan is requires stopping and reading God's Word, the Bible, so we can listen to what God says. Then we're ready to go and do what He wants us to do (with His help of course!)

Here's another Yancy song you will find on RightNow Media: **Stop & Go!**

www.eastview.church/resources/right-now-media

This is fun one to sing and dance to as you tuck God's truths in your little ones heart!

Because it really is true: God's Plan Is Good!
